Edwardsville Bulletin

To the Faculty and Staff of Southern Illinois University

Vol. 5, No. 8
February 22, 1973

In response to a request from the American Association of State Colleges and Universities, this University, along with other members of the Association, is attempting to establish a Washington "contact file" of friends and acquaintances of University staff who hold what might be considered strategic positions in the federal government complex.

By the development and proper use of such a file, it is hoped that the message of higher education can be better conveyed to Washington.

If you have a friend or former colleague or classmate who serves in the Congress or as an aide to a Congressman, or who serves as an appointed official of the federal government, would you please communicate the name, address and title of such persons, along with an indication of your relationship to them, to Assistant Vice President Warren Joseph who will serve as our liaison with AASCU in this matter. Please make your initial response within 10 days and feel free to update the information at any time in the future.
