Vol. 5, No. 18
July 26, 1973

On July 13, the Board of Trustees of Southern Illinois University approved recommended salary increases for faculty and civil service range classifications subject to the availability of funds. Governor Walker has signed the operating appropriations bill for SIU which included supplemental funding for salary increases.

Having satisfied the Board's condition of availability of funds, President Rendleman has authorized recommended salary increases to be effective July 1 and to be included in the August 1 paycheck.

Faculty notices of appointment for 1973-74 will be issued by mid-August. However, deans and directors have been asked to advise individual faculty members now of their salary increases.

Individual notices of appointment for civil service range classifications which will include salary increase amounts will be issued July 30.
