Edwardsville Bulletin

To the Faculty, Staff and Students of Southern Illinois University at Edwardsville

Vol. 12, No. 32
May 21, 1981

MEMO TO: The University Community
FROM: Earl Lazerson 
SUBJECT: Director of Planning and Resource Management

The Search Committee for Director of Planning and Resource Management has made its recommendation, and I am happy to announce the appointment of Dr. John R. Reiner to this position as one of the general officers of the University.

The appointment is effective immediately, subject to ratification by the Chancellor and the Board of Trustees.

Dr. Reiner has been a member of the SIUE staff since 1969 and director of the Office of Institutional Research and Studies since 1971. He also holds faculty rank as associate professor of counselor education.

As Director of Planning and Resource Management, a position created by the administrative reorganization announced last summer, Dr. Reiner will have management responsibilities for coordinating the work of the Office of the Budget Director, the Data Processing and Computing Center, and the Office of Institutional Research and Studies.

His duties include preparation and implementation of the institution's capital and operating budgets, design and preparation of various analyses and studies for both internal and external agencies, and development and maintenance of management information systems and academic computing systems for the University. His staff responsibilities will include providing technical support for the work of the University Planning and Budget Council.

On the basis of Dr. Reiner's previous record of outstanding service, I am confident he will provide appropriate leadership and support in an area vital to the well being of the University.
