MEMO TO: The University Community

FROM: Earl Lazerson 

SUBJECT: Community Assistance

The people of East St. Louis face a monumental task in their effort to recover from the effects of a devastating flood. Through gifts of goods and money, the University community can provide valuable assistance.

I am pleased to report that the Dean of Students will shortly announce a special appeal. Student organizations will take a lead role in soliciting contributions for the recovery effort, and the Office of the Dean of Students, together with the Student Activities Office in the University Center, will provide logistical support.

I urge all members of the University community to participate in this appeal. The need is critical.
