BULLETIN

To the Faculty, Staff and Students of Southern Illinois University at Edwardsville

Vol. 18, No. 15
December 23, 1987

MEMO TO: The University Community
FROM: Earl Lazerson 
SUBJECT: Inclement Weather Policy

OPERATING POLICY IN THE EVENT OF INCLEMENT WEATHER AND OTHER SPECIAL CONDITIONS

General Statement

The general policy of the University is to remain open for programs and operations as scheduled. Thus, the official calendar as established for the University will be followed except as emergency conditions require otherwise. Unless specific announcements to the contrary have been made, all faculty and staff employees will continue the ongoing operation of the institution. In the event of emergency closure, arrangements for pay or time off will be determined in accordance with respective employment contracts and policies.

So far as weather is concerned, the mission of the University requires continuing operation during all except extreme conditions; however, employee and student safety will remain a primary consideration. Since safe transportation to and from the campus depends on many factors, such as distance, specific road conditions in home areas, etc., individuals are urged to exercise discretion and sound judgment with regard to travel.

Closing of the University

When extreme conditions are judged to exist, all campuses of the University will be closed for a specified period of time. The decision to close the University will be made by the Vice President for Administration.

In the event of inclement weather, regional road conditions for highways I-55, I-64, I-70, I-270, Ill. 143, Ill. 157, and Ill. 159 will be determined by consultation with the Illinois State Police post in Collinsville. General weather conditions will be reviewed with the National Weather Service. This information, together with the condition of campus roads and parking lots as determined by the University Police, will be the facts used in a decision on University closing.

In the event of such closure, the administrative head of each principal functional area will be responsible for designation of those operations in his/her area that must continue regardless of closure. He/she will also be responsible for development of a plan to communicate with employees whose services cannot be suspended or interrupted and who, therefore, are required to report for work.

(over)

Employees who are scheduled and required to work when the University is closed will subsequently receive time off with pay equal to the number of hours worked--such time off to be scheduled in a manner similar to vacation time.

Employees who are scheduled to work but are not required to report when the University is closed will report the time as "authorized time off with pay." Administrative heads of principal functional areas will identify those employees whose presence on campus during periods of closure is absolutely necessary. Only these employees will be required to report for work during periods in which the institution is closed.

In the case of student workers who are scheduled to work but are not required to report when the University is closed, supervisors are requested to rearrange work schedules when possible so that such student workers may make up the work time lost.

Student workers who are scheduled and required to work when the University is closed will be paid at the usual rate for the number of hours worked.

Resumption of normal duties will occur with the beginning of the shift or scheduled work period following the expiration of the closing period.

Emergency Announcements

As soon as a decision to close the University has been made, the President and administrative heads of principal functional areas will be informed by the Vice President for Administration. These officials will be responsible for relaying the information to their organizational units. The Vice President for Administration will also immediately notify the Director of University News Services who will inform the following radio stations in the area: WSIE-FM, KADI, KATZ, KIRL, KMJM, KMOX, KUSA, KWK, WCBW, WESL, WGNU, WIBV, WIL, WINU, WJBM, WMRY, WBGZ, WRTH, WRYT, WSMI.

On weekends (Saturdays and Sundays), when radio stations have reduced operating staffs, announcements will be given by two stations: WSIE-FM and KMOX.

Emergency information can also be obtained by calling any of the following University telephone numbers:
