SUBJECT: Fiscal Year 1991 Salary Increases

Governor Thompson has signed the University appropriation bill for FY91 as passed by the General Assembly. The bill provides SIUE a state operating budget of \$66,795,200 for the period July 1, 1990-June 30, 1991, and includes \$835,900 for salary increases for faculty and staff, representing an average increase of 1.75 percent, effective July 1.

The salary increases for faculty, unrepresented professional staff and open range civil service employees will be granted in accordance with the approved salary increase plans for Fiscal Year 1991. Prevailing wage employees will receive compensation in accordance with the statute and rules of the State Universities Civil Service System. For those persons paid on a monthly basis, increases will be reflected in salary payments on September 1, 1990; increases for those who are paid bi-weekly will appear on paychecks to be issued on August 24, 1990; those who are paid semi-monthly will receive increases on their August 16, 1990 paychecks. The salaries of employees represented by unions will be determined through the collective bargaining process.
