MEMO TO: University Community

FROM: David J. Werner

A handwritten signature in cursive script, appearing to read "D. Werner".

President Earl Lazerson underwent surgery early Thursday morning at Barnes Hospital in St. Louis. The president's surgeon Dr. Joel Cooper, chief of General Thoracic Surgery, said a small benign spot was removed from the president's right lung in a 30-minute procedure.

Dr. Cooper said President Lazerson would probably remain hospitalized for three or four days, and his recuperation would continue for about two weeks. Dr. Cooper expects President Lazerson to recover fully.
