Computers taken hostage

CORY FREEMAN
NEWS REPORTER

Students moving onto campus at the start of the year were greeted with "Welcome SIUE Students" signs throughout the campus.

Signs in the residence halls and in Cougar Village should have added: "Now please hand over your computer."

Students had to give their personal computers to Academic Computing workers for virus scans. Students were not given prior notice.

"This check is so we can clean up viruses to protect our network. Students need their computers for WebCT and other services," Academic Computing Director John Drueke said.

The virus scan was done in response to last academic year's Sasser Worm and Blaster virus attacks that not only disrupted the SIUE network but other networks across the nation as well. At that time, Drueke and his staff had to check every single computer on campus to make sure it wasn't infected.

Students who moved into Bluff Hall, Prairie Hall, Woodland Hall or Cougar Village had to turn over the computers and sign a permission waiver giving the Academic Computing staff access to hard drives.

Drueke said more than 2,000 computers were checked for viruses. The cleanup began at 7:30 a.m. Aug. 19 and ended at 7 p.m. Aug. 23.

Drueke and Academic

Computing personnel used computer labs inside the dorm buildings and the Cougar Village Commons to perform the virus scans. In addition to Academic Computing, student employees and workers from the Lovejoy Library, the Office of Information Technology and an outside agency did the scans. The computers left in the labs overnight were guarded by SIUE police.

Drueke said that he was "very pleased with the students' response." However, not every student was happy about handing over the computer.

Kimberly Meyer, a freshman who moved into Woodland Hall, was one of the students a little annoyed with the sudden request.

see COMPUTERS, page 3

TYLER BENNETT / ALESTLE

Computers on campus, like the ones pictured above in the computer lab in the Morris University Center, are all connected to the SIUE server to protect the university from viruses.

Proposal comes with a rock

TYLER BENNETT/ALESTLE

Senior Courtney Briney agreed to a marriage proposal by Alumni Jeffrey Ahlers who sought the help of The Rock, located in the Stratton Quadrangle, to pop the question. For many years the Rock has been used to promote fraternities, sororities, and campus organizations. The couple has been together for two years.

University relations undergoing changes

SCHALENE HOUSTON
NEWS REPORTER

The Office of University Relations has made changes for the coming year.

Executive Director of Marketing and Communications Barbara O'Malley said she and the staff have reorganized the office.

"We are taking a more integrated approach towards marketing and communications," O'Malley said.

The purpose of the new approach is to enhance SIUE's positive image.

"By focusing our marketing and communications efforts around what we are really good at, we have the opportunity to connect with and engage our publics at a more meaningful level," O'Malley said.

The office, for example, wants to begin to work together to establish a common language so the entire campus is on one level.

"We want to consistently describe what the university is and what it is good at," O'Malley said. "The department is evolving based on news media and demographics to a broader base with a more integrated approach."

She said personnel are keeping up with the industry standards and this will progress naturally.

"This is what builds reputation that students and parents are willing to pay for and donors are willing to support because they see the real value in it," O'Malley said.

For more information, call 650-3605.

Employee of the month

BRENT NAYLOR
NEWS REPORTER

Safety Officer Nanci Villotti is SIUE's Employee of the Month for August.

She was nominated by her supervisor, David McDonald, who describes her as, „an enjoyable and positive person who cares very much about being safe in the workplace.”

Safety officers are responsible for identifying safety hazards on campus and finding ways to eliminate

those hazards.

„I'm honored to have been awarded employee of the month,” Villotti said, „but I certainly didn't do anything more than any other safety officer or employee of Facilities Management has done.”

Villotti received the award, which includes a \$25 gift certificate for the University Bookstore, two lunch coupons to the University Restaurant and a plaque Aug. 10. She is

undecided about whether to spend her gift certificate on „a book or a lovely SIU sweatshirt.”

Free food, games at fun fest

SCHALENE HOUSTON
NEWS REPORTER

Students gear up for another fun-filled, exciting event Wednesday in the University Hairpin.

The men of Phi Kappa Psi are hosting Fun Fest from 1 until 6 p.m. The organization would like for students to come out and have a great time.

Phi Kappa Psi Vice President Justin Allen hopes it is a great turn out.

„We are hoping to attract around 500 students,” Allen said. The Fun Fest idea was

originally set for the first week of school.

„We soon realized there were so many events planned for the first week of the semester we decided to move it back to the second week of the semester,” Allen said. „It is just about having fun and providing the students with some entertainment during the second week of the semester.

„We feel that events like this help show students that SIUE is transforming itself to more of a residential campus.”

There will be many activities for students to participate in.

„We are having a DJ and for those aspiring musicians out there, you can impress the campus with your singing ability on the karaoke machine,” Allen said.

There will also be inflatable games, along with free food. Fun Fest is a free event for everyone to attend.

„Also on behalf of the brothers of Phi Kappa Psi, I would like to say we appreciate the help of the Kimmel staff and also Laylonda Maines for her help in designing our flyers and banners,” Allen said.

For more information, contact Allen at 696-6647.

JESSICA BALADAD/ALESTLE

Students enjoyed free food, soda and music by Cloud Nine Wednesday afternoon on the Stratton Quadrangle. This was the second year for the luau and pig roast hosted by the men of the Sigma Pi fraternity.

Plans are under construction

MICHELLE LINCOLN
LIFESTYLES REPORTER

Signs throughout the Morris University Center promised a Fall 2004 opening of Taco Bell and Freshens in Cougar Den. Yet as students returned to campus for the fall semester, construction had not started.

Dining Services is currently waiting on contractors' bids so a final decision can be made.

Construction on the project, which has a \$19.3 million budget, begins in November and is expected to be complete at the start of the spring semester.

"I was disappointed that it was not ready at the end of the summer," Morris University Center Director Mary

Robinson said. "However, I am looking forward to completion of the project."

While construction is taking place, Pizza Hut will close temporarily.

"We go through a lot of food (at Pizza Hut) and this will disappoint a lot of kids," Dining Services employee Judy Ward said.

While students may miss Pizza Hut during the construction of Taco Bell and Freshens, many students have missed Cougar Den's Taco Bell since it closed in 2002.

"Taco Bell is the best thing since Christmas," junior Special Education major Chris Brown said.

Sophomore Wayne Dersch agrees, "I'd rather have Taco Bell than Pizza Hut or Casa Ortega."

Chingy tickets on sale now

ALESTLE STAFF REPORT

Tickets sales began yesterday for the Chingy Live In Concert.

Chingy, who has collaborated with artists such as Nelly and Ludacris, will be performing at 8 p.m. Friday, Oct. 28, in the Vadalabene Center.

Tickets for the performance, which is sponsored by the

Campus Activities Board, are available at the Information Center in the Morris University Center and currently are available only to students.

A student I.D. is needed to purchase the tickets, which are \$17. There is a four-ticket limit per student.

Starting next week, the general public may purchase the tickets for \$22.

Bowling, Billiards, and Table Tennis Leagues: Sign up to join a bowling, billiard, or table tennis league now at Morris University Center Cougar Lanes. Call 650-LANE (5263) for more information.

Cougar Craze: Join Campus Activities Board from 10 a.m. to 4 p.m. Wednesday in the Goshen Lounge of the MUC. Find out what your face would look like on someone else's body and put your creation on a T-shirt or mouse pad for free. Call the Kimmel Leadership Center at 650-2686 for more information.

Phi Psi Fun Fest: Enjoy free music, karaoke, inflatables and food from 1 to 6 p.m. Wednesday in the Hairpin. Phi

Kappa Psi fraternity is sponsoring the activity.

Livewire: Come out to the Stratton Quadrangle and listen to local bands rock out from noon to 1 p.m. Thursday.

SLDP Orientation: Introduction to the Student Leadership Development Program modules and volunteer projects will continue from 4:30 to 6 p.m. Wednesday in Peck Hall Computer Lab, Room 1410. For more information contact Suzanne Kutterer-Siburt at 650-2686.

Cougar Lake Pool Party: Campus Recreation is sponsoring an outdoor pool party from 5 to 7:30 p.m. Thursday at the Cougar Lake Pool. Enjoy free food, drink, music and games. For more information, call Keith Becherer at 650-3245.

Tobacco Counseling: The American Lung Association of Illinois is providing the Illinois Tobacco Quitline. Registered nurses, respiratory therapists and addiction counselors staff the toll-free line. Counseling is free to residents of Illinois. Those interested should call (866) QUIT-YES. Hot line hours are from 7 a.m. to 6 p.m. Monday through Friday.

Alcoholics Anonymous: The Gut Level Group meets at 7 p.m. Saturday in the Religious Center. This is an open meeting of Alcoholics Anonymous and Al-Anon.

COMPUTERS

from page 1

Meyer turned in her computer at 4 p.m. Aug. 20 and didn't get it until 11 a.m. the next day.

"I'm glad they did it," Meyer said, "but I would have preferred some kind of notice."

The biggest problem, according to Meyer, was that she wasn't able to access the Internet until Aug. 22. Meyer said she wanted to check on her school schedule and

classes she was hoping to get in.

Students didn't have advance warning because there was little time to prepare, according to University Housing Director Mike Schultz. He said his department didn't find out about the virus scan until two weeks before the move-in date.

"We simply didn't have enough time to inform the

students," Schultz said.

Vice Chancellor of Student Affairs Narbeth Emmanuel had a different response.

"There wasn't a need to inform the students in advance," he said.

Drueke found one bright spot in all the intense activity.

"I got to meet new students, faculty and staff I didn't know," Drueke said. "That's a worthy effort in itself."

Introducing a store for the serious runner. And the over-sleeper.

Introducing Bipod.

Whether you're running a marathon or just late for class, Bipod offers running shoes, apparel and, most importantly, the expert knowledge it takes to find the gear right for you.

SIUE students get 15% off any purchase through October 1, 2004.

Located on Rt 157 in Edwardsville next to Bella Milano restaurant. Call 618.655.0351 or visit bipodrunning.com for more information.

Parking leaves SIUE in tough spot

Yesterday I found myself in what resembled a nightmare. I was stranded amidst a sea of cars all gleaming in the sun. Rows upon rows of them, and I was desperately searching for that one empty spot. The clock was ticking and I was almost out of time. I was desperate to get to the office. So I parked in what seemed like the last space in the last lot farthest from the campus. Then I walked from that lot to the second floor of the Morris University Center. It took me 20 minutes from the time I arrived at the lot to find a space and get to the office.

Unfortunately, this nightmare was not in my head. It was a reality. I had arrived at approximately 9:30 a.m. only to find that the lot I normally park in was, except for the last row, completely full. So I, like so many others who arrived at the same time or later than I did, walked from the back of what we students lovingly call BFE (Bum Firetruck Egypt).

For those of you who don't

know, let me digress for a moment and explain the university parking lots. There are the meter lots, which are close to the building but rob you blind, the pay lot, which has a similar effect, but does seem to be cheaper than the meters, the teacher lots, and then there are the lots for us students. The

by Cougar Lake has been called something that I can't repeat in this paper, so I will refer to it as the land that time forgot, and the rest of the lots are BFE. I'm not sure who decided any of this; it is just something I have picked up from other students over the years.

"I began to wonder to myself, now that the campus population is growing, but we are still primarily a commuter school, where are we all going to park?"

university may have numbered them, but over the years I have heard them given other names. The lot behind the Vadalabene Center is of course the VC lot, and the lot behind Dunham Hall is the lot behind Dunham. No real surprises there. But the lot out by the Early Childhood Center has been dubbed Canada. The lot

So when I finally reached the office I began to wonder to myself. Now that the campus population is growing, and we are primarily a commuter school, where are we all going to park? I'm sure most of you have noticed that the university was designed so that any more parking will have to continue to go farther and farther away from

the university. There are no close places to build a parking lot. So eventually, the red lots might be the green lots and the green lots might be the "you'd have to be somebody special to park here" lots. I'm hoping to have graduated by that time. The thought does concern me though. Even with the amount of lots that we have now, I would have to arrive by 8 a.m. every morning just to get a decent spot. Not even a good spot, but a decent spot. And if I do get that spot, do I even think about the poor people

see **PARKING**, page 5

Letter to the editor

Student wants to see things get picked up on campus

At the end of last fall semester, I was walking through the campus noticing all of the blooming trees, birds singing and all of the trash that had accumulated. There is too much litter on campus. This is a problem because it distracts us from the beauty of the campus and it shows that the people on the campus have lack of consideration as concerned citizens.

I think SIUE should enforce littering fines for people on campus who leave trash behind when they leave an area. The littering on campus has increased; this is based on my observations throughout my college career. I see much more litter now than from the time I enrolled as a freshman, and some students that I have talked to don't seem to care.

SIUE should enforce littering fines to encourage people to dispose of their trash properly. This policy should carry the same weight as parking violations. Some objectors say that this type of program would be too costly; however, if part of the littering fines would go

toward the salaries of the people writing the tickets, this cost wouldn't be an issue.

Other colleges and universities have littering policies and they are enforced quite seriously. I have been told campuses with littering fines have drastically reduced the amounts of trash. The campus

community won't want to spend the money to pay for tickets when they can put their trash in designated places.

If SIUE enforces littering fines, I believe the likely outcome will be the same as on other college campuses. The amounts of litter will be reduced

and the campus will be even more beautiful. If littering fees are not enforced, then SIUE will be taxing the janitorial staff even greater as the amounts of litter keeps increasing. Then SIUE will either have to increase the hours of the janitorial staff or hire more e

see **LITTER**, page 5

Political Cartoon

PARKING

from page 4

who don't get up that early who are left searching the lots for an empty space?

I had thought that perhaps there was a system. Perhaps the lots had certain hours of high volume and then after a certain time the cars would leave and the lots would open up again. Well, trying to park for my night class proved me wrong again. I had to search through the nearer lots to find a space, and was amazed to see that the back lots were full, and even when I was leaving at 8:50 p.m. there were more cars piling in.

However, I might be overreacting. It is still the first week. I've learned from past experience that it takes at least a couple more weeks for the students to start skipping class, for a little rain to keep a student at home and for more parking spaces to open up. So I'll be patient, and maybe the parking fiasco will resolve itself, or maybe the university will have to look into making a few new lots.

Tyler Bennett
Editor in Chief

LITTER

from page 4

people to be part of the janitorial staff.

In conclusion, littering is a problem. We can start to eliminate it by enforcing a littering policy. The cost of cleaning up litter is going to continue to climb. We can do something about it now to be

more economical. At least, if we use part of the money that would be generated from fines, we would add some money back into the system instead of just spending.

Edwardsville Block Party rocks the city

Party was the fourth annual for the Edwardsville area

KARA SCHUFFERT
LIFESTYLES STRINGER

The fourth annual Welcome Back Block Party was once again an engaging, entertaining and successful evening.

The crowd, composed of SIUE students, faculty, staff and adults and children from the community had more than enough opportunities to eat, drink, listen to music, shop, socialize and play.

"The main idea behind this yearly function is for SIUE students to realize that there is a nice downtown Edwardsville to accommodate the students," Assistant Director of Public Affairs Greg Conroy said. "Our goal with this event has always been to strengthen the town and town relationship."

To kick off the night, local band Son of Glam enthused the crowd with 80s tunes. After the band's set, around 9 p.m., a disc jockey from Z107.7 took the stage and aroused the crowd by hurling all sorts of free goodies at the gathering of attendees. The crowd gradually grew in size as the hours went on. Conroy said the largest number of people came out after 10 p.m.

Numerous vendors were at the event not only to publicize, but more so to inform students of what the businesses have to offer.

Such vendors at the block party were Pizza World, Bella Milano, Global Noodle, BaLu Coyote, Beyond Timbuktu, Fantasy Faces, SIUE Student Athletic Advisory Committee, SIUE Intramural and Club Sports, Erato Wine Bar, Edwardsville Jaycees, Edwardsville High School Pom Squad, and the efforts of 62 Sports Group to supply equipment and goods, set up and also take down the event.

Rob Savant, general manager of Bella Milano, said he was pleased with the event. According to Savant, their intention was to not only advertise their name, but also make known to students some of

AUBREY WILLIAMS/ALESTLE

Stacey Hendel, an employee from Balu Coyote, serves student John Reed a piece of pizza at the block party Friday while other partygoers mingle in the background. The fourth annual Welcome Back Block Party lasted from 7 p.m. to midnight.

their promotional specials. For example, after 8 p.m. this week SIUE students with a valid I.D. can get a 16-inch pizza at half-price.

For the second year, the retail clothing boutique in downtown Edwardsville, BaLu Coyote, was not only selling its merchandise at the

block party, but was donating its profits from food and refreshments to the Animal Adoption and Rescue Foundation, a non-profit, volunteer organization.

The SIUE Student Athletic Advisory Committee also had a

booth set up to sell refreshments, year. burgers and brats. Ryan

Spurgeon said he was

"I think the block party is a great way to get SIUE students involved with the community and the community involved with the students in this approach that is entertaining for all ages and types."

~ Scott Giger, student

Spurgeon, the SAAC President, explained that the SAAC is essentially a student government for athletes.

Their intention at the block party was for community service, interaction and to raise money for the SIUE Athlete Dance later this

pleased with the event and the turnout, but hopes to be on the main street next year were the majority of the crowd was.

Overall, according to both Conroy and the Edwardsville Police officers who were supervising, the event went

smoothly. The officers said they have never had any problems at this event in the past nor did they this year.

The addition of the second street this year helped distribute and lengthen the crowd better than in previous years.

Volunteer and SIUE senior marketing major Scott Giger was in high spirits at the event and

had a good time.

"I think the block party is a great way to get SIUE students involved with the community and the community involved with the students in this approach that is entertaining for all ages and types," Giger said.

HEALTH WISE

Should students be concerned about their cholesterol levels?

SARA WEST
LIFESTYLES STRINGER

According to the American Medical Association, the time for students to have cholesterol levels checked is now.

Are you one of the many who thinks high cholesterol and heart disease only happens to the elderly?

Elevated cholesterol levels often begin in childhood, so now is the prime moment to have blood measured for high cholesterol levels.

The Cholesterol Health Center on the Yahoo health Web site says adults need to have their blood cholesterol levels measured once every five years since one in five adults have high cholesterol.

Dr. Donald M. Lloyd-Jones, an assistant professor of medicine at Harvard University, said, "We need to be much more aware and much more active in identifying risk factors in young people and intervening with them at an early stage, so their lifetime risks are lower."

Cholesterol contains high-density lipoprotein (HDL), the good cholesterol, and low-density lipoprotein (LDL), the bad cholesterol.

It is ideal to have an HDL level at 50 or above and an LDL level below 130, as a total cholesterol level of 220 and above is dangerous.

Cholesterol is needed by your body to maintain healthy cell walls, to make vitamin D, to make hormones for body regulation and growth, and to

make bile acids, which aid in fat digestion.

However, excess cholesterol will keep circulating through the bloodstream and clog blood vessels. The clogged blood vessels can lead to heart disease and stroke.

Too much cholesterol comes from eating too much saturated fat, which is fat found only in animal-based foods such as meat and dairy. To lower cholesterol levels, people do not have to avoid animal-based foods entirely, but reduce the portions. One should also increase physical activity, maintain a healthy body weight and not smoke.

The Journal of the American Medical Association says elevated cholesterol levels in young adulthood foretell risk for heart disease by middle age, particularly for those who smoke.

The journal also stated that men are more at risk for high cholesterol levels and African-Americans have the highest overall heart disease mortality rate.

Dr. Arthur Klatsky, a senior consultant in cardiology at the Kaiser Permanente Medical Center in Oakland, CA, said, "It's not a good idea to wait until you're in trouble. It's good for everybody to check cholesterol, and if it's high, do something about it."

For more information, visit www.health.yahoo.com, or call Health Services at 650-2842 and make an appointment to get a cholesterol screening.

Catch the craze

MICHELLE LINCOLN
LIFESTYLES REPORTER

Once students get into the fall semester and begin to get overwhelmed with homework, a good time may need to be had every now and then, and the Campus Activities Board is sponsoring a group of free events called Cougar Craze to help students do just that.

This semester students can take a break from books and join other students in the Morris University Center's Goshen Lounge for some fun.

The events will be every other Wednesday throughout the semester. The typical time slot will be 11:30 a.m. until 1 p.m. Events will not go any longer

than four to six hours. The first event will be from 10 a.m. to 4 p.m. Wednesday. Students will have the chance to see their faces on a T-shirt or mouse pad.

During each event there will be food and raffle drawings for prizes such as tickets for Cardinals games and concerts.

"Cougar Craze is beneficial for students because it is a fun, social activity aside from schoolwork," said Amanda Rainey, an assistant director in the Kimmel Leadership Center.

Other dates for Cougar Craze are Sept. 22, Oct. 6, Oct. 20, Nov. 3, Nov. 17 and Dec. 8.

For more information on upcoming events, contact Kimmel Leadership Center at 650-2686.

WILD NIGHT COMES TO MUC

MICHELLE
LINCOLN
LIFESTYLES
REPORTER

The Morris University Center was packed with more than 500 students looking for a wild time Tuesday as part of the Welcome To The Jungle Party.

The party was scheduled to be on the Stratton Quadrangle but was moved inside due to inclement weather. Student Government and Kimmel Leadership Center hosted the party with the intention of providing students the chance to meet and learn more about SIUE's Student Government.

"What a complete success," student senator Christina Baines said. "We will definitely do it again next year."

The party was festively decorated with Tiki displays, grass table skirts, palm trees and jungle animals.

Free food included barbecue, vegetable burgers, hot

JESSICA BALADAD/ALESTLE

WARNING:
**PROLONGED EXPOSURE TO
NOISES LOUDER THAN
85 DECIBELS CAN RESULT IN
PERMANENT HEARING LOSS.**

Millions of Americans expose themselves
to noise levels above 85 decibels for hours at
a time – the level audiologists identify as the
danger zone. Lawn mowers, sporting events,
live or recorded music, power tools, even
traffic and crowded restaurants can sustain
these levels. If you're around noises like
these for prolonged periods, you're risking
permanent hearing loss. For more on the 85
dB threshold, and ways to protect your
hearing health, visit ASHA.org.

Kenosha, Wisconsin.

Mens soccer improves to 2-0

AJIT OZA
SPORTS REPORTER

The SIUE men's soccer proved why the Adidas/National Soccer Coaches Association of America pre-season ranking of 18 was well deserved.

In both games this weekend, the Cougars were able to come from behind to a record of to 2-0-0.

In the first game, the

Cougars hosted Columbia College at Ralph Korte Stadium.

"They were very well organized on defense which was difficult to penetrate, but at the same time it was nice for us to come back," head coach Ed Huneke said.

The Cougars gave up an early goal at the 8:23 mark in the first half when Columbia player Ben Boehner scored after his header from a corner kick was

got past freshman goalkeeper Nicholas Frasca.

After the early goal the Cougars would score two unanswered goals for the win. The first of the goals came in the 23rd minute when junior forward Tim Collico was able to take a rebound from a shot by sophomore back Mike Zaegel and score his first goal of the season.

The second goal came with eight minutes left in the first half when freshman forward Adam Lanter came off the bench to score the game's winning goal from 15 yards out.

When the second half started, Columbia came out with an intensity that is rarely seen in collegiate soccer. Columbia was able to take three shots and all three shots were on goal. But the Cougars were able to handle the pressure by Columbia and held on for the win.

"Really imposing in the second half, that was problematic, but we were able to

Women's soccer drops first contest of season

ZACH GROVES
SPORTS REPORTER

The first outing for the women's soccer team was a rough one as the Cougars were routed 3-1 by the Minnesota State Mankato Mavericks Friday night.

Junior midfielder Lindsey Kampwerth, who transferred from MacMurray this season, netted the only goal for the

Cougars, her first of the season. Junior forward Sarah Landt picked up the assist.

While playing for MacMurray College last season, Kampwerth netted five goals.

Returning for the Cougars is sophomore Christine Armstrong of St. Peters, Mo, a mid-fielder who led the team last season with nine goals. In

see WOMEN, page 10

Expectations for the men's and women's track and field teams are high after the teams cleaned house in the Great Lakes Valley Conference last season.

The men took first place in indoor and outdoor competition and the women earned first place in indoor competition.

But, with the resignation of last year's GLVC Coach of the Year Darryl Frerker, men's head coach David Astrauskas and women's head coach Ben Beyers have their work cut out for them.

Beyers, who spent two previous seasons with the Cougars as an assistant coach, said he has high hopes for the women.

"We want to make serious

noise at (National Collegiate Athletic Association Division II) Nationals. We want to build off last year and go further," Beyers said.

Being a rookie head coach does not bother Beyers. He expects ups and downs in this season, but said the great track and field staff will help ease the transition from assistant coach to head coach.

"I'm ready for the challenge and I'm not nervous at all," Beyers said. "Our goal is to build All-Americans and good student athletes."

Beyers is expecting senior Shavon Shegog, junior Mary Witte and junior Jennifer Jaquez to be the leaders on the women's side. Beyers said the team has very strong senior leaders.

According to Beyers, the team's strong nucleus of

players will hope to fend off traditional powerhouse Lewis University. Lewis had five athletes earn All-American honors at the NCAA Division II outdoor track and field championship last year.

The University of Indianapolis is another school to watch out for. Indianapolis beat out the Cougars for first place in the GLVC Outdoor Conference Tournament. The SIUE women's team finished second.

Astrauskas, who could not be reached for comment, takes over a winning team that has a number of seasoned veterans.

Both the track and field teams are looking for recruits to help defend their titles by holding an informal meeting at 4 p.m. Tuesday at Korte Stadium.

from page 9

deal with it. You won't continue to see a team put on the pressure for as long as they did. Fortunately, we were able to come out on top," Huneke said.

In the second game of the weekend, the Cougars faced a tough opponent in Christian Brothers University. Before the game, the Cougars were 1-4-1 all time against the Buccaneers with the last and only win coming in 1998 season.

"CBU is a very good team, they have always been a challenge. They seem to overcome deficits well," Huneke said.

In a physical game that saw a total of 33 fouls, five yellow and one red card given, the Cougars were able to overcome the physical stature of the Buccaneers and pull out the victory.

"They were a strong team, their players had a physical presence that was hard to deal with and they were playing our style of soccer," Huneke said.

The first half saw both defenses making key plays and allowing only seven total shots for the half. The second half saw the same type of play, but the Cougars put on the pressure early in the half,

shooting the ball 15 times. However it was CBU that scored first; in the 73rd minute Harry Murphy was able to put his shot past freshman goalkeeper Greg Cook.

The Cougars nearly tied the game in the 84th minute, but the Buccaneers' goalkeeper blocked Collico's shot. The Cougars did not have to wait long for the tying goal. In the 85th minute, Lanter was able to take a pass from junior back Kevin Thibodeau and score from 15 yards out.

"Nice to see Adam Lanter coming in and making some significant contributions to the team," Huneke said.

The Cougars would then have to wait until there was a little more than one minute left in the second overtime period for the game-winning goal. Junior forward Pete Cacciatore took a pass from John Matthews and was left essentially unmarked by the Buccaneers to score the game-winning goal.

The next action for the Cougars will be against region rivals Gannon University on Sept. 4 and the National Soccer Coaches Association of America 6th ranked team in the University of Findlay on Sept. 5.

WOMEN

from page 9

addition to Armstrong, senior forward Ann Crawford comes back to keep the offense rolling with her six goals on the past season's resume.

Holding teams down offensively should not be a problem for the Cougars this season. Sophomore forward Kayla Fromme and sophomore defensive back Padra Bencini will be keeping opponents in check, while senior goalkeeper Jessica Brown hopes to carry over her success from last season when Brown backed up Kristin Covalt.

Playing in eight games last year, Brown posted a 4-2 record while compiling an impressive 1.09 goals against average.

Backing up Brown will

be freshman Kim Roady, one of four new faces on the team.

Joining Roady as first year players and setting the foundation for the team's future defensively are freshman defensive backs Beth Horan and Sara Stroud.

Offensively, freshman Kate Yearian will hope to earn some playing time as the season progresses.

The Cougars look to get back on track as they travel to Indianapolis to take on the Bobcats of West Virginia Wesleyan at 5 p.m. Friday, Sept. 3. SIUE returns home to host Grand Valley State University at 3 p.m. Sunday, Sept. 5, at Ralph Korte Stadium.

Policy on Release of Student Information and Access to Student Records, SIUE

I. PURPOSE

Southern Illinois University Edwardsville, hereinafter referred to as the "University", maintains individual records and information about students who are legitimately enrolled, for the purpose of providing educational, vocational, and personal services to the student. For the purpose of complying with federal regulations regarding the maintenance of confidentiality of student educational records, as required by the Family Educational Rights and Privacy Act of 1974, as amended, (20 U.S.C. par. 1232g) the Board of Trustees of Southern Illinois University enacts the following policy.

II. DEFINITIONS

A. "Student" is defined as a person who is or has been enrolled at Southern Illinois University Edwardsville in a course of study either on campus or off campus. For purposes of this policy, any student attending SIUE will be considered to be an adult and to have sole control over the release of his or her information, except as provided in this policy. The term "enrolled" is defined as having been duly admitted as a student, registered, and paid appropriate fees.

B. "Education Records" means (1) those records which are directly related to a student, and are maintained by SIUE or by any party acting for SIUE; (2) the term does not include:

1. Personal records of instructional, supervisory, and administrative personnel which are not revealed to other individuals.

2. Records of a law enforcement unit of an educational institution which are (1) maintained apart from the education records, (2) maintained solely for law enforcement purposes, and (3) are not disclosed to individuals other than law enforcement officials of the same jurisdiction.

For purposes of this policy, the SIUE Police Office will be treated as an outside agency and will therefore be required to comply with all formal regulations relating to the disclosure of information from student's educational records, as set forth in this policy.

3. Employment records, so long as they are maintained separately from any educational record.

4. Records of a physician, psychologist, or other recognized professional or paraprofessional acting in his or her professional capacity, which are used only in connection with treatment and are not disclosed to individuals other than those providing the treatment; provided, that these records can be personally reviewed by a physician or other appropriate professional of within the appropriate record.

5. Records which are created, maintained, or developed after that person is no longer a student at SIUE, such as alumni files.

C. "Student Information" means any information contained in an educational record as defined in II.B.

D. "Personally Identifiable Information" (PII) includes:

1. The name of a student, the student's parents, student's spouse, or other immediate family member.

2. The address of the student.

3. Student's identification number.

4. A list of personal characteristics, which would make the student's identity easily traceable.

5. Other information that would make the student's identity easily traceable.

E. "Directory Information" includes:

1. Student name.

2. Student address and telephone number (Local and Permanent).

3. Student e-mail address.

4. Major field of study.

5. Classification.

6. Dates of attendance.

7. Full or part-time status.

8. Attempted Hours.

9. Degrees and awards received.

10. The most recent educational agency or institution attended prior to enrollment at Southern Illinois University Edwardsville.

11. Participation in officially recognized activities or sports.

12. Weight and height of members of athletic teams.

13. Date of birth.

III. BASIC POLICY REGARDING DISCLOSURE OF INFORMATION FROM EDUCATIONAL RECORDS

A. Disclosure not requiring prior consent.

The appropriate recordkeeping office shall obtain the written consent of the student before disclosing "personally identifiable information" from the educational records of a student, except in the case of "directory information" as delineated in (II.E.) or disclosure to:

1. The student himself/herself.

2. University personnel who have a legitimate educational interest to permit their functioning or research.

The sufficiency of the interest will be determined by the head of the unit from which the records are sought.

Student information supplied to any SIUE personnel or unit is provided on the basis that it is needed to permit their necessary functioning. All members of the faculty, administration, and clerical staff must respect confidential information about students which they require in the course of their work. They are bound by the conditions outlined in this policy statement relative to the release of student information. All institutional personnel should be alert to refer promptly to the appropriate office, requests

for transcripts, certifications, or other information which that office typically provides.

3. Officials of other schools or school systems in which the student seeks or intends to enroll, if there is a legitimate interest. The sufficiency of the interest will be determined by the head of the unit from which the records are sought. A copy of any information sent will be provided to the student upon written request.

4. Faculty or students conducting student characteristic research providing the research project has written approval of the academic unit executive officer sponsoring the research and providing guarantees are made that no "personally identifiable information" will be published or released and such information will be destroyed when no longer needed for the purpose for which it is collected.

5. Certain state and federal representatives specified by Title 20, par. 1232g for the sole purpose of evaluation and auditing of governmentally funded programs in which the University participates, with the guarantee that the identity of the students shall be protected.

6. State and local officials as directed by State Statute adopted prior to November 19, 1974, as approved by the General Counsel of the University.

7. Authorized organizations conducting studies for, or on behalf of, state or federal educational agencies or institutions for the purpose of developing, validating, or administering predictive tests, administering student aid programs, and improving instruction, with the guarantee that the identity of the student shall be protected and such information will be destroyed when no longer needed for the purpose for which it is collected.

8. Appropriate parties in connection with financial aid for which the student has applied or received.

9. Accrediting organizations to carry out their accrediting function, with the guarantee that the identity of the student shall be protected.

10. Appropriate persons in connection with an emergency, if knowledge of such information is necessary to protect the health or safety of a student or other persons.

11. Comply with a judicial order or subpoena. The sufficiency of the order or subpoena will be determined by the General Counsel.

Disclosure without consent can only be effected with written notice given the student in all cases as soon as practically possible.

B. Disclosure Requiring Prior Consent

1. Except as listed in "A" above, all requests for student information other than "directory information" must be accompanied by a written consent of the student.

2. The written consent required by this section must be signed and dated by the student giving the consent and shall include (a) a specification of the records to be disclosed, (b) the party or parties to whom the disclosure is to be made, and (c) the purpose or purposes of the disclosure.

3. When a disclosure is made pursuant to this section, the appropriate recordkeeping office shall, upon request, provide to the student a copy of the records which are disclosed.

4. Student information will not be released to parents of students without the student's written consent. Exceptions to this procedure can be made if the Office of the Registrar is provided with appropriate documentation certifying the student as dependent as defined by the Internal Revenue Code.

5. Disclosure of information will be effected only with written agreement of the third party not to effect further disclosure.

6. The written consent of the student shall be filed in his permanent record.

C. Disclosure of Directory Information

Directory information pertaining to currently enrolled students may be released by the University at any time provided that it publish information relating to what constitutes directory information at least once each academic year in the campus student newspaper or other designated publication with wide circulation, and the individual student is given a reasonable period of time to inform the University in writing, through the Office of the Registrar, that he/she does not wish such information concerning himself/herself to be released without his/her prior consent. The Office of the Registrar will be responsible for identifying or withholding directory information which the student requests not to be released and for informing all University recipients of that information that such information is not to be released. This directory information hold will remain in effect until a written cancellation is filed by the student with the Office of the Registrar.

The procedural requirements of this section do not apply to the disclosure of directory information from the education records of an individual who is no longer in attendance at the University. Thus, the University (or appropriate recordkeeping office) is not required to give public notice of the above to former students.

All recipients of student information will be bound by this policy. Lists of student information are never knowingly provided to any requesting party for a commercial or political purpose.

D. Records of Disclosure Made

Records of disclosure are not required to be kept in the record of a student when the disclosure is initiated by the student himself/herself. The institution shall maintain a record within the student's education record indicating all individuals, agencies, or organizations which have requested or obtained access to a student's educational record which will indicate specifically the legitimate interest that each person, agency, or organization has in

obtaining same.

Subject to the provisions herein, the University may disclose "personally identifiable information" from the education records of a student only on the condition that the party to whom the disclosure is made will not further disclose the information without the student's written consent, except in the case of disclosure of "directory information".

The University shall, except for the disclosure of "directory information", inform the party to whom disclosure is made of the obligation to receive the student's consent before further disclosure to other parties.

E. Waiver of Right to Inspect and Review Education Records

1. The student may waive his or her right to inspect and review his/her education records. The waiver, in order to be valid, must be in writing and signed by the student. The University (or each appropriate recordkeeping office) may not require a waiver of rights, but it may request said waiver.

2. If a student has waived his/her right to see confidential letters of recommendation placed in his/her record after January 1, 1975, the waiver will be effective only if: (a) the applicant or student is, upon request, notified of the names of all individuals providing the letters or statements; (b) the letters or statements are used only for the purpose for which they were originally intended, and (c) such waiver is not required by the University as a condition of admission to or receipt of any other service or benefit from the University.

3. A waiver may be revoked, but the revocation must be in writing and signed by the student. Revocation of waiver will affect only documents received after its execution.

IV. IDENTIFICATION AND DESCRIPTION OF STUDENT INFORMATION

A. Academic Records

The Office of the Registrar, (The Office of the Registrar at the School of Dental Medicine for students enrolled in the School of Dental Medicine), retains the official academic record of a student. It is a cumulative history of a student's admission, registration, and academic participation and performance. Certain biographic and demographic information is also kept for identification for enrollment and research related purposes. For information concerning these records, contact the Office of the Registrar, (the Office of the Registrar at the School of Dental Medicine for students enrolled in the School of Dental Medicine).

Academic records may also be maintained in academic units, departments, and schools or colleges. For information concerning these records, contact the head of the academic unit, department, or schools or colleges in question. The Office of Institutional Research also maintains some academic records.

B. Financial Records Offices within the business area maintain certain financial records, which relate to the payment and accounting of tuition, fees, and other charges. They also maintain records, which record student loan and grants. For information concerning these records, contact the Bursar's Office.

For billing purposes, the Office of the Registrar, (The Office of the Registrar at the School of Dental Medicine for students enrolled in the School of Dental Medicine), maintains a record of financial aid received and tuition and fees paid. For information concerning these records, contact the Office of the Registrar (the Office of the Registrar at the School of Dental Medicine for students enrolled in the School of Dental Medicine).

The Office of Student Financial Aid, (or the Office of Student Affairs for the School of Dental Medicine), maintains records of students receiving loans, grants, and aid along with scholarship information and some academic information. It also maintains records pertinent to student employment including the family financial statement. For information concerning these records, contact the Director of Student Financial Aid, or the Director of Student Affairs for students enrolled in the School of Dental Medicine.

The Housing Office maintains records of housing accounts. For information concerning these records, contact the Director of Housing.

C. Medical Counseling/Clinical Records

The University Health Service maintains medical records on all students. Only information pertinent to the health of the individual is contained therein. For information concerning these records, contact the Vice Chancellor for Student Affairs.

Counseling Services maintains counseling records pertinent to services rendered by that office. For information concerning these records, contact the Director of Counseling Services.

D. Disciplinary Records

The Office of the Vice Chancellor for Student Affairs (or The Office of the Dean of the School of Dental Medicine for students enrolled in the School of Dental Medicine), maintains records of disciplinary action which has been taken against a student with documentation pertaining thereto. That office also maintains only the academic information necessary to permit its functioning. For information concerning these records, contact the Vice Chancellor for Student Affairs, or the Dean of the School of Dental Medicine for students enrolled in the School of Dental Medicine.

E. Placement Records

The Career Development Center creates a record for those persons who wish to avail themselves of its services, with the student's voluntary participation. This information is distributed to potential employers. It consists of self-completed resumes and various personal references. For information concerning these records, contact the Director of the Career Development Center.

V. ACCESS TO RECORDS

A. Right to Inspect or Review Educational Records

1. The student has the right to physically review his records in the presence of a designated University representative.

2. Requests for review are required to be submitted in writing to the appropriate office.

3. That office shall comply with the request within a reasonable time, but in any case, compliance shall be effected not more than thirty (30) days after the receipt of the request.

4. Where requested by the student concerned, a written interpretation of the record shall be provided by qualified University personnel and said interpretation filed in the educational record.

5. Original records cannot be removed from University premises. A copy will be provided if requested, but only if not providing a copy will preclude review of the educational record by the student.

6. Copies of transcripts from other educational institutions will be provided only if the original source of those transcripts is no longer available or going to the original source would cause undue hardship as determined by this University.

B. Limitations on Right to Inspect or Review

1. The student may not inspect the following records:

a. Financial records and statements of his parents.

b. Confidential letters or statements of recommendation, placed in records before January 1, 1975, so long as they were solicited with an understanding of confidentiality and are used only for the purpose for which they were written.

c. Confidential letters of recommendation and confidential statements of recommendation placed in the educational records of the student after January 1, 1975, are subject to the student's right to inspect and review unless the student has signed a "written waiver of the student's right to access" after being notified of the names of those persons making confidential recommendations, and that such recommendations are used solely for the purpose for which they were intended.

2. Reports that involve two or more persons are considered confidential to protect the identity of the other person(s), but review is permitted as to that portion relating to the student concerned.

VI. CHALLENGING CONTENTS OF A STUDENT'S EDUCATIONAL RECORD

A. Purpose

A student has the right to challenge the content of a record on the ground that he/she believes it is inaccurate, misleading, or otherwise in violation of his/her privacy or other rights and to have inserted in the record his/her written explanation of its contents. Academic grade review procedures are covered by separate policy. (A hearing may not be requested by a student to contest the assignment of a grade; however, a hearing may be requested to contest whether or not the assigned grade was recorded accurately in the educational records of the student.)

B. Procedure

To initiate such a challenge, the student shall, within sixty (60) days after he/she has inspected and reviewed the record in question for the first time, file with the University office responsible for maintaining such record a written request for correction, on a form specified by the University. Within thirty (30) days following receipt of such request, the head of such office, or his/her designated representative, shall review the record in question with the student, and either order the correction or deletion of such alleged inaccurate, misleading, or otherwise inappropriate data as specified in the request, or notify the student of the right to a hearing, at which the student and other persons directly involved in the establishment of the record shall have an opportunity to present evidence to support or refute the contention that the data specified in the request is inaccurate, misleading, or otherwise inappropriate. The head of the office, or his/her designated representative, shall have five (5) days from the time of the review to notify the student of his/her decision. If the student desires a hearing on the decision, the student shall exercise said option in writing within ten (10) days of said notice, and file the request for a hearing with the head of the office.

VII. DESTRUCTION OF RECORDS

The University may destroy educational records when they are no longer necessary, with the following limitations:

A. Educational records may not be destroyed if there is an outstanding request to inspect and review them.

B. Explanations placed in the record by the student and the record of requests and disclosures of information must be maintained as long as the educational record to which they pertain is maintained.

VIII. RIGHT TO FILE COMPLAINTS

A. If the student thinks his or her rights have been violated, he or she should first file a complaint with the head of the office that maintains the records in question.

B. After exhausting all the internal remedies available within the University, if the student still thinks his or her rights have been violated, written complaints can be filed with:

The Family Educational Rights & Privacy Act Office
Department of Health, Education and Welfare

330 Independence Avenue, S.W.
Washington, D. C. 20201

The Office shall notify the complainant and the University of the receipt of the complaint and an investigation will follow.

YOU CAN SPEND THE REST OF YOUR DAYS
TELLING THE SAME OLD STORIES, OR YOU
CAN GO GET SOME NEW ONES.

The camaraderie. The adventure. The seventy-two hour leave in Tokyo. These are the stories you'll remember forever. If you'd like to add a few more to the list and add some points to your retirement at the same time, the Army Reserve is the place to do it. Call 1-800-USA-ARMY to talk with a recruiter or log on to goarmyreserve.com/ps

PUT YOUR
**PRIOR MILITARY
SERVICE**
TO GOOD USE IN THE
ARMY RESERVE

Where: Collinsville Army Recruiting Station

When: Monday - Friday 9AM to 5 PM

Who: Mr. Maurice Tatum 618-345-7874
